

I encourage to to NOT take any action that would lessen the effect on the Indiana Telephone Privacy Law. This has been a very effective device that has all but eliminated the massive number of unsolicited and UNWANTED calls we used to receive. I consider my time very valuable and object to the invasion of the privacy of my home being invaded by these unwelcome callers hawking their wares. Since joining the no-call list I can again enjoy the little time I have to be at home with my family. Thank you for your kind attention and again please don't do anything to disturb or lessen Indiana's Telephone Privacy Laws.
